

A CRANK PUT IN JAIL.

He Had Made Wholesale Threats for Some Time.

WANTED TO KILL ALL MINISTERS

Because They Would Not Let Him Lecture and Earn a Living—He Wanted to "Baptize" a Police Officer with Cold Lead, also, for Making Him Move On—Another Harmless Lunatic Turns Up.

Yesterday George Hoehle, a resident of the fifth ward, and a member of a good family, was arrested by Lieut. Terrill and Officer Moran, and being arraigned before Squire Gillespy, was committed to jail to await an inquest into his sanity.

Hoehle has long been known to be mentally unbalanced, and several years ago spent a time in the state hospital for the insane at Weston. He has been considered harmless. He had a mania for writing letters, and his insanity seemed to have something to do with religion.

The warrant for his arrest yesterday was sworn out by Lieutenant Terrill, on information from members of St. Matthew's congregation that he had written a threatening letter to Rev. Dr. Swope. He also, some time ago, wrote to Chief of Police McNichol, threatening to kill Officer Moran, who had made him move on when he found him lounging on the stone wall in front of the Y. M. C. A. building. Since writing the letter to Dr. Swope he has frequently been seen hanging around the rectory, and taking all the circumstances together, it was thought prudent to put him where he could not carry out his threats.

To avoid a fight with him Lieutenant Terrill told him the chief simply wanted to talk with him, and gave him to understand that he would not be locked up. As he was being taken into the jail he turned to Terrill and asked:

"Do you remember how Garfield came to be shot?"

"No," said the lieutenant; "how was that?"

"He made promises and did not keep them."

The inference was plain that he meant to threaten the officer's life for deceiving him.

Following is the letter written to Rev. Dr. Swope:

WHEELING, W. VA., Aug. 22, 1893.

Mr. Rev. Dr. Swope,

DEAR SIR—If I am not mistaken in the name I hope that you will excuse me for sending you a few lines in regards towards the peoples lives in this city and surroundings. I suppose that you are well aware of how the people are dying with different fevers, where medicine is a failure and the doctors are at constant study how to hold the people from death and prolong their lives. God has sent Jesus into this world to do good, and he has sent several Ministers of the so-called Gospel a mail for the benefit of their congregations but they have never given him an answer, that makes them sinners against Christ and against their congregation, they are not loving Christ as he loved them, they have violated the Gospel themselves, which makes God angry for not accepting Jesus and he now commands me to send you the last mail, and if you will not make preparations to give your congregation a lecture on how to keep well and assist me in doing good, that God commands me to lay away the pen, and raise the sword and cut down every minister in the city who have not given me every right to lecture and make reasonable living that I have a perfect right to, as I have been used in the past seven years it would be a disgrace for the public to see the truth in print, but so-called Presidents who have never done the public any good are always mentioned from the pulpits have done the public more harm than good, and their names has no right to be praised from any pulpit in this country. I have seen this danger coming on in this country in 1885 and in 1886 I went on to see the President but he could not be seen I also went on to see Harrison he could not be seen on business, so the country has gone on towards a hell on earth in place of heaven on earth and we are nearing a rebellion move every day because we have no civil statesmen in office to lead this country right that the public can have a trust and confidence in they have lost all faith in both political parties for their false predilections towards the people. God in heaven knows it as well as I am on earth and he knows the cursed sin which has been going on since the death of George Washington who was in those days a fair minded statesman and not much of a politician such men as he were in need of badly when a country becomes endangered and the peoples lives are unsafe, by what is known as a dam Rebel Government who leads this country into temptation or its people and cannot deliver it from evil, it seems that the Ministers would let me starve in place of helping the needy, who can reward the people and receive a reasonable reward so he can live that what I receive for my goodness in the past feeding the flock and trying to put the living God under their feet, this shall never be done rather than see the sword rust. I shall make use of it in the right hand, you are about the only one who I am waiting on for an answer the others are numbered for the sword

Yours Truly

George Hoehle

A Civil Doctor

2413 Chapline St. City

In the letter to the chief of police complaining about Officer Moran's act, he uses language which forcibly demonstrates how wild he is. He advises the officer to read the constitution, and says he himself was posted on it before he was ten years old. He adds:

"Moran did not make the first brick that ever was made to give people a reasonable home or did he establish the different trades to give people work, for he himself has not the common sense of a hox, for he has done more wrong in the past than a child not ten years old, both being baptised, him getting older and unwise or ignorant and the child coming up perhaps brainless, yet does not choose to do wrong. Cleveland and Harrison have both expressed themselves about this country being full of cranks. They have done this country more harm than good. They are no civil judges, but sinners. Business has been going to hell in their so-called administrations."

He criticises the authorities for erecting insane asylums, where all men who are "somewhat civil educated" are sent. The people who build these, he says, "should be placed in an electric chair and have those to touch the button whom they have wronged and taken their lives so cowardly."

In regard to Moran, he says: "I shall baptise him with cold lead in place of

feeding him with bread, because we have no electrical chair in this state yet. No monument for Moran. The people have kept him long enough. He can go to some grave yard and select his spot, or after I get through with him put him in a cart and take him to the garbage cremator. No need of sermons or blessings preached over his body."

This letter is signed: "Yours truly, as called, "GEORGE HOEHLE, "2413 Chapline, St., City. "A civil doctor and guide in life."

In a postscript he says he once ran for city health officer, but his name was not mentioned in council meeting, and he feels like putting a dynamite bomb under the building. He goes for the doctors, and says all the dummies and mummies are not dead yet.

EUROPE UNEASY.

The War Cloud Grows Darker—Some Significant Utterances.

Berlin, Oct. 31.—There is no disguising the fact that considerable uneasiness exists in Europe at the present situation of the powers and this uneasiness is increasing as the nature of the Franco-Russian alliance becomes known.

The Hamburger *Machrichten*, in an article which the best informed people assert is at least instigated by Prince Bismarck, accounts for the Russian reply to French advances on the ground that Russia was driven into the arms of France by growing suspicions of Germany's intimacy with England.

Continuing, the paper says: "The dread, in no way, threatens Russia, but so soon as Russia became suspicious that it would be exercised in defense of England's anti-Russian interests, Russia's resentment was immediately aroused."

The *Machrichten* also makes the assertion that a secret treaty exists between Russia and Italy by which the former agrees to mediate in Italy's favor in Paris under certain contingencies.

A striking indication of the present state of uneasiness in Europe is shown by a notable article just printed in the *Times* of London, describing the great French arsenal at Toulon and the French Mediterranean fleet. This article, which is attracting considerable attention here and elsewhere, is written by the *Times* naval correspondent, who is a recognized authority in the United Kingdom. The conclusions which this naval correspondent reaches are not favorable to England. He says that France has made enormous strides forward in naval construction and in coast defense and concluded, after what he has seen of the dock yards, ships and arsenal during the past three weeks, by saying: "I confess that it would be with no placid confidence that I should watch a British fleet going to sea to meet a French one of equal numerical force."

The *Times* publishes a leading article of even more striking significance. It says that the actual strength of the French fleet is in a state of complete preparation, as shown by the rapid action which was noted in every department.

The *Times* continues by remarking that it would be glad to be assured, in days when so much depends upon striking an initial blow, that there is equal readiness for all emergencies to be found in the British dock yards, adding: "Our fleet in the Mediterranean is the link of our chain of communication with India, and ought to be beyond question self-sufficing and self-supporting in all probable contingencies at present, but it is not by any means calculated to maintain our prestige in the eyes of the world."

MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

Miss Ella Inglebright entertained about twenty-five young friends in her usual charming manner at her home on South Fourth street on Monday evening. The affair was an informal one. The same evening ten or twelve young people had a good time at the home of Miss Bertie Blackford on North Fourth street. The supper was the feature of the occasion. Last night a masquerade party was given by Miss Laura Westwood at the residence of her parents, Margal Samuel Westwood and wife, in Clark's addition. Twenty-five or thirty young people appeared in costumes. The largest social assemblage of the evening was at the residence of Dr. and Mrs. Daniel Cox, on South Second street, given by their daughter, Miss Minnie. About forty were present. The Misses Barber entertained at their home on Washington street, Miss Cora Miskell at her home on West Hanover street, Miss Cora Sloan at the family residence, South Fourth street and Miss Ethel Hobbs, of Fifth street. Mrs. E. F. Dehal will give an "at home" at her residence on North Fifth street this afternoon, to which a large number of ladies have been invited. To-night Miss Ellsworth, of North Fourth street, will entertain and on Friday evening a party will be given at the residence of Mr. and Mrs. William Joy, on Broadway, by Miss Emma Joy and Miss Lillie Jones.

Mr. Howard Kirk, the Republican candidate for treasurer, was in Martin's Ferry yesterday. Mr. Kirk is an excellent gentleman and like every man on the ticket should be elected by a large majority. The Republicans should turn out in force this fall and vote for every one of the candidates from McKinley down.

Yesterday Hugh Edwin Wells, paper carrier and general all-round hustler for J. R. Pickens, was severely bitten by a common every day yellow dog.

Judge Huff, of St. Clairsville, was here yesterday.

Judge R. H. Cochran, of Toledo, is in town.

Hereafter people will not be allowed to saunter on the Terminal railroad and

watch foot ball games. Trains frequently pass, and there is danger of the people being killed.

MOUNDSVILLE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

The session of Mound City Lodge No. 13, I. O. O. F., last evening was the most interesting that has been held in their lodge rooms for a long time. About thirty-five members of Cameron Lodge No. 36, I. O. O. F., came down and paid a visit to them. A brief business session was first held, followed by good speeches by prominent visiting members. After the meeting the home members and visitors, numbering about one hundred, repaired to the Honetta House, where an elegant banquet was partaken of. The visitors returned home about midnight on a special train, all well pleased with their reception.

The funeral of Mrs. M. Hostutler, widow of the late ex-Senator D. M. Hostutler, and sister to Mrs. J. D. Ewing, of Wheeling, occurred yesterday afternoon. She was forty-five years of age and leaves three children to mourn her departure. They have the sympathy of the entire community in their bereavement. She was a member of the Episcopal church and a good and kind mother. Mrs. A. M. Crow, of Littleton, was here attending the funeral.

A Republican meeting will be held at Businessburg, O., on next Saturday evening, November 4. Hon. B. F. Melchior, of this city, and Mr. Porterfield, of Belmont county, O., will address the meeting.
